EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with D. Burnham (39618) on 30 November 2004. This is to correct typographical error inadvertently entered in amendment mailed 12/13/2004 as the canceled claims correspond to the non-elected claims of invention IV from restriction mailed 03/06/03.

The application has been amended as follows:

Correct examiner's amendment, mailed 12/13/2004, to cancel claims --22-23-- rather than '23-24'.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: remarks rec'd 11/19/04 are incorporated herein (per prior allowance) and further Nelson teaches altering game theme or artwork based on a time signal but lacks teaching or suggesting monitoring a number of play [sessions] of basic game and selecting one of at least two data sets in response to the number of play [sessions] being a certain value as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
